RESPONSIBLE CLEANING
PRODUCTS

A CLEAN HOME, A CLEAN PLANET

Conventional cleaning products are effective in clearing dirt and debris but can also cause long term health implications when exposed. The good news is, Abdel fully uses green cleaning products that are much safer for people's health and our environment. Here are some of the cleaning chemicals that we use to clean your fabrics and workspace.

Action

Restores fabrics to their original lustre and colours, leaving behind a pleasant fragrance after use.

Enzyme

Breaks down organic matter such as urine, faeces, vomit, wine and coffee stains.

Lotion

A deodorising and rinsing agent that also helps to soften fabrics.

Power Spotter

Removes tough stains and dirt.

Sanifect

Effective in eliminating bacteria and viruses. It is alcohol free, pH neutral and pleasant smelling.

WoolSafe

Used on natural fabrics to dissolve stubborn traces of oil, grease and mineral substances.

Our Cleaning Partner:

PROTECT WHAT MATTERS MOST TO YOU.

Abdel has your best interests at heart. While we do the cleaning behind the scenes, you can focus on the more important priorities in life. Focus on yourself, your loved ones and work while our team of professionals handle the rest.

TESTIMONIAL

What our clients say about us.

My wife, Dr Harlina goes in and out of the house often to the hospital for work, and we don't want to put the kids at risks from the virus. With Abdel, they cleared all bacteria and viruses from our home.

Sheikh Muszaphar Shukor
Astronaut / Orthopaedic

I called Abdel to thoroughly clean and disinfect them (with my 11 cats at home). 2 years ago, they cleaned my home in Cyberjaya and they're back again. Very reliable and they do a very good and thorough job.

Chef Wan
Celebrity Chef

Thank you very much to Abdel for their disinfection service and clearing all the virus in my house while I was away for Covid-19 quarantine and treatment. All the cleaning products used are government approved and safe.
